

Dear Potential Vendor,

International Trauma Life Support (formerly BTLIS, or Basic Trauma Life Support) has been taught in Arizona for over 30 years. Our overall goal is to improve emergency and trauma care throughout our great state. It is a course designed to teach the early evaluation and management of trauma victims in the pre-hospital, as well as initial hospital (Emergency Department) setting. Although initially designed to educate pre-hospital providers (EMT's and Paramedics), it has become an essential course for ED nurses and techs as well.

Be Prepared for You. Be Prepared for Your Community will be the 33rd "ITLS on the River." The conference will again be held in Laughlin, Nevada, at the Aquarius Casino Resort. Pediatric ITLS will be offered, Sunday, September 25, 2022. Our lecture track will be jammed packed with our outstanding presenters on Monday, September 26, and the one-day ITLS provider refresher/completer course will be held September 27. We are expecting over 100 people total over the three days, including over 75 registrants, more than 20 instructors/presenters, and at least 12 "moulage victims." Those attending will include EMS Medical Directors, EMS Nurse coordinators, paramedics, EMT's, flight nurses/medics, ED nurses and techs, and even some practicing emergency physicians from all over Arizona and other states.

The vendor days will be Monday/Tuesday, September 26-27. We will be having a Vendor Appreciation party on Monday, September 26 and invite for you to attend as a guest of honor.

We encourage all vendors, including hospitals, ED groups, transport companies, medical equipment companies, and pharmaceutical companies to become sponsors of this annual event. Attached you will find sponsor information/applications. Our tax ID number is 86-0317006. More information on ITLS can be found at our website; www.itlsaz.org

Please contact me if you and your company would like to get involved in this great educational event or if you have any further questions. I have attached sponsor information.

Sincerely,

Brad Butler, MD, FACEP
CAPT MC (FMF), USN
Medical Director, International Trauma Life Support
Arizona College of Emergency Physicians- Past President
Faculty- Maricopa Medical Center Emergency Medicine Residency
Clinical Associate Professor- University of Arizona College of Medicine Phoenix
